

Everywhere and from everyone I am hearing that Sinclair Broadcasting is forcing stations to play an anti-Kerry documentary. I know that President Bush is the big business President but airing this without airing the many anti-Bush documentaries is unfair play

As I understand it, Sinclair is taking advantage of public airwaves so therefore needs to serve the public interest. As a member of the general public, I am not interested in biased reporting.

Please do something about this problem with the system. Thank you very much!
